■ SkiResortHotel – Mountain Elegance Chapter 1

Welcome to SkiResortHotel – a luxurious mountain resort in the heart of the Tatra Mountains, in Zakopane, Poland. Here, amidst snow-capped peaks and pine forests, modern elegance and mountain authenticity are combined.

Our AlpineBalance™ philosophy invites you to slow down, find peace and immerse yourself in the atmosphere of natural harmonious life.

Each guest is not just a visitor, but part of a community that values conscious relaxation. From skiing to an evening bonfire with mulled wine, everything is thought out to the smallest detail.

 SkiResortHotel, ul. Górską 17, Zakopane, Poland

■ Gaming services are available exclusively to guests aged 18 and over.

■ SkiResortHotel – Mountain Elegance Chapter 2

The hotel's architecture is a combination of traditional Polish wooden heritage with modern design. Outside, an authentic mountain hut, inside, a stylish space with warm wooden textures, stone details and panoramic windows.

Each room is a place to recover: a spacious bed, a fragrant coffee maker, a fireplace, and an incredible view of the mountain ranges that change with each season.

AlpineBalance™ is not just a concept, it's a lifestyle. At SkiResortHotel, we have created an environment that helps guests feel inner balance: through contact with nature, silence, contemplation and mindful practices.

Morning yoga on a wooden balcony, breathing practices in a pine forest, a tea ceremony after a walk - all this is part of the daily rhythm that revitalizes the body and calms the mind.

■ SkiResortHotel – Mountain Elegance Section 4

Our restaurant TatryFlavour is a modern version of mountain cuisine. Chefs prepare dishes from local products: young lamb, wild berries, oscypek cheese, game.

Every season has a new menu: in winter, thick soups and baked meat, in summer, light snacks made from wild mushrooms and fresh herbs. And for desserts, the region-famous blueberry pies.

There is something to do here at any time of the year, making SkiResortHotel the perfect destination for nature lovers, adventure seekers, and families alike.

In winter, the resort transforms into a snowy paradise. Guests can enjoy skiing, snowboarding, and sledding on pristine slopes with direct access right from the hotel. For evening enthusiasts, many trails are equipped with night lighting, allowing for unforgettable experiences under the stars. Whether you're a beginner or an experienced skier, professional instructors are available for private or group lessons to help you improve your skills in a safe and supportive environment. After a day on the slopes, unwind by the fireplace, enjoy hot mulled wine, or relax in the spa.

In summer, the mountains come alive with vibrant colors and fresh alpine air. The area is ideal for hiking through scenic trails, cycling along winding paths, and practicing Nordic walking with breathtaking views at every turn. For nature lovers, we organize guided tours to the nearby national park, where you can discover rare flora and fauna, picturesque valleys, and hidden waterfalls. For the adventurous, there's no shortage of thrills — enjoy white-water rafting on mountain rivers, rock climbing excursions, or paragliding for a bird's-eye view of the landscape.

Alpine Spa is a recovery center with the aroma of pine needles, warm steam and relaxing music. Here you will find a salt room, an alpine sauna, a pool with hydromassage, aromatherapy and stone therapy rooms.

Our masseurs use Tatra herbs, natural essential oils, and for couples we offer individual evening programs with champagne and candles.

We care deeply about family comfort and creating an atmosphere where every generation feels at home. Our spacious two-bedroom apartments are perfect for families, offering privacy and convenience. For our youngest guests, we've designed a world of joy and discovery — a supervised children's room, a vibrant play area with a soft slide, and a creative workshop where imagination runs free.

But there's more. At SkiResortHotel, we believe that recreation should engage both body and mind. That's why we've integrated playful learning into our programs. Interactive games and creative challenges spark curiosity and cooperation, helping families connect in meaningful ways. Multilingual support ensures every guest feels understood and welcomed, while our restorative and game zones are thoughtfully designed to blend leisure with reflection.

Looking for a place for a wedding or a business meeting? We have a hall for 100 people with a view of the mountains, a conference area with equipment, a meeting room and an open-air space for ceremonies.

We will help with the organization, menu, decor and accommodation of guests. An event in the mountains is always special.

We choose the ecological path. Solar panels, a rainwater collection system, eco-cosmetics in the rooms, separate waste sorting.

Our partners are farmers and beekeepers from the surrounding area. And guests can join volunteer programs: planting trees, cleaning trails or creating insect hotels.
